Reference: Chase Mine Reclamation Facility

Gentlemen,

Potts & Callahan, Inc. is contractually obligated to Lafarge Mid-Atlantic, Inc. to manage and maintain the disposal activities at the Chase Mine Reclamation Facility. **ONLY** clean dirt and other clean fill material can be deposited at this site. Under no circumstances shall any party deposit any wood, clearing or demolition debris, metals, asbestos, and petroleum products, PCB's or any hazardous materials of any kind at this site. Additionally, these operations shall be conducted so as to not constitute a nuisance or hazard to neighbors or the operators of Lafarge.

In order for your firm or your affiliates and/or subcontractors to be allowed to dispose of material at the Chase Mine Reclamation Facility, a Principal of your firm must acknowledge and accept these same obligations that Potts & Callahan, Inc. has to Lafarge Mid-Atlantic from your firm to Lafarge Mid-Atlantic and Potts & Callahan, Inc.

Thank you for your cooperation. Your immediate response is required.

Very truly yours,

POTTS & CALLAHAN, INC.

Timothy G. Collison
Executive Vice President
